Attackers Perspective

main.c

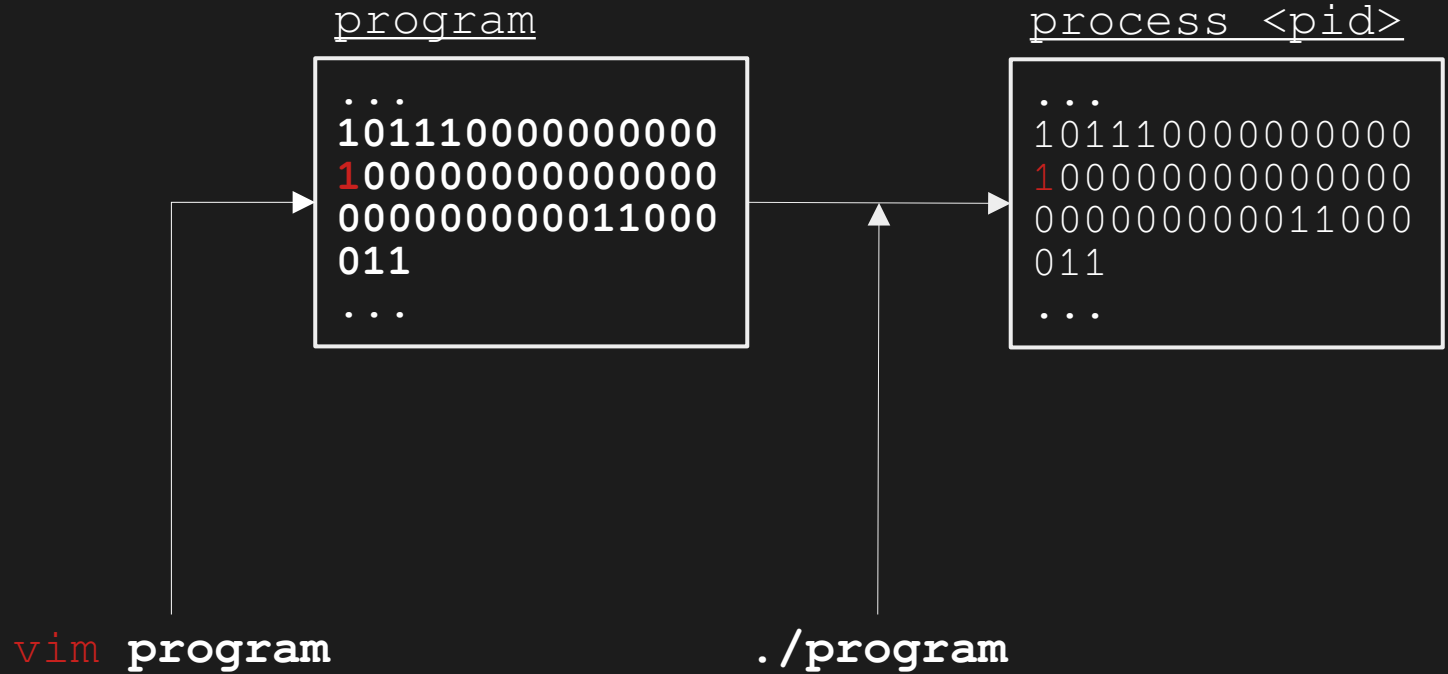

```
int  
main(void)  
{  
    return 1;  
}
```

x

cc main.c -o program

Attackers Perspective

attacker space

Verifying the Theory

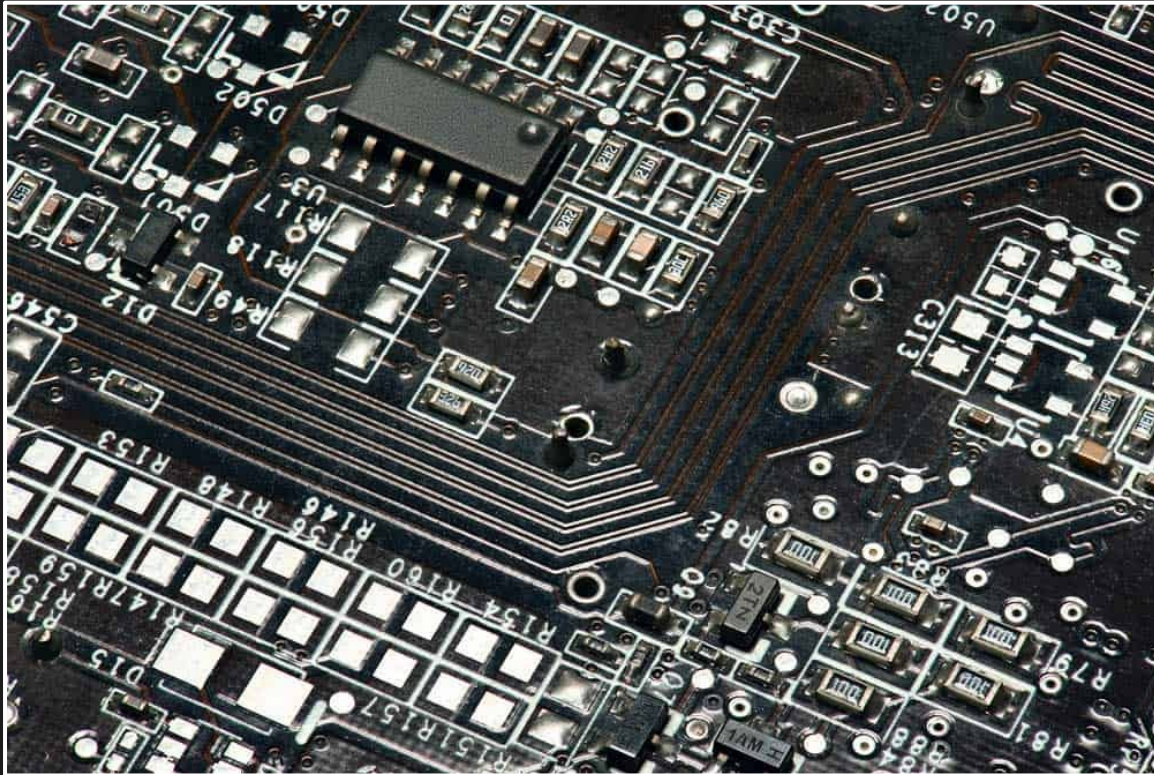

main.c

```
int
main(void)
{
    printf("where am I?");
    return 0;
}
```

```
[*] cc main.c -o program
[*] ls -lh program
[*] cat program | head
[*] hd program | less
[*] file program
```
